

## Highlights from PROFESSIONAL TESTIMONIALS About the "Pancreatic Protocol"

- **Ob/Gyn Physician** "The pancreatic protocol program is easy to implement and has helped many burn fat and positively impact body composition and overall health. I recommend the pancreatic protocol to my patients challenged with obesity, blood sugar, blood pressure and cholesterol and have seen remarkable results."
- **Registered Pharmacist (*partnered with an MD*)** "We've gotten more people off prescription drugs faster than I've ever seen in my life. We are very, very impressed. This is the best health system I've come across."
- **Chiropractic Physician/Owner** "The pancreatic protocol plan has finally given me a foolproof method of weight loss for my patients. It's almost as easy as flipping a switch. Turn it on and the weight comes off. No doubt, no question. This has proven very beneficial in decreasing spinal compression due to weight loss."
- **Chiropractic Physician/Owner** "The pancreatic protocol products enhance what we as chiropractors do and that is increasing the bodies natural ability to express health at its highest potential."
- **Chiropractic Physician/Owner** "I lost 40 pounds and dropped my body fat 10% in less than 3 months. I was most impressed by being able to maintain the loss over the next year... I was also impressed by the improvement in my phase angle score which measures the life force of the cells in my body. I have also learned how to slow the aging process and build my immune system by balancing my PH with the tonic over the past year."
- **Chiropractic Physician/Owner** "This program has been the simple, effective, great tasting, quick and permanent. This program will educate you, the results will motivate."
- **Nurse Practitioner/PhD** "The pancreatic protocol has made such a difference in my patients and myself."
- **Naturopath/Health Food Store Owner** "This is the easiest program to sell because we have proven results."
- **Nutritionist/Health Food Store Owner** "Categorically, every single individual who has completed the program as directed has done amazingly well. I have never been so excited about a protocol as I am with this one!"
- **Nutritionist/Health Food Store Owner** "The pancreatic protocol program has been easy and affordable to implement and has offered remarkable success to my store customers and others."
- **Exercise Company Owner** "For the first 4 years of the existence of our business we searched high and low for the "right" fat loss program to offer to our clients - and the pancreatic protocol has filled that need for us. "
- **Nutritionist/Health Food Store Owner** "Everyone I have shared this with has had fast measurable results. That is what makes it so desirable. The fact that it is causing people to rethink what they eat or drink also makes it such a healthy program."
- **Senior Minister** "As a minister, I feel it is not only my responsibility to teach about faith, but to also teach about stewardship. They are of equal importance in scriptures. How can we ask God to heal us when we abuse our bodies by what we eat? The pancreatic protocol has been an incredible tool in our hands to teach people how to be proper stewards of their bodies."
- **Wellness Coach Leader** "I don't just think about permanent weight loss with this quick, simple, 4-step process; I also think about blood sugar, blood pressure, cholesterol/triglycerides, fatigue, cravings, digestion, toxicity, sleep, hormones, immune strength, balancing the pH and internal terrain."
